Many a man doesn't realize what he is up to until he is called down.

HE COULD HARDLY WALK

Deranged kidneys cause rheumatism, aches, pains, soreness, stiffness. Ambrose Gary, Sulphur, Okla., writes: "I was bothered with kidney trouble ten years and at times could hardly walk. I began taking Foley Kidney Pills. I got relief from the first but continued till I had taken three bottles. I feel like a new man."—Hites Drug Store.

The stronger the butter in the tub the weaker it is in the market.

A GOOD THING FOR CHILDREN

Foley's Honey and Tar is particularly good cold, cough and croup medicine for children because it contains no opiates or habit-forming drugs. The "little colds" of summer, as well as the long standing, deep seated coughs, that hang on for months, are banished by its use. The first dose brings relief and comfort.—Hites Drug Store.

Roosevelt Applauds Hughes' Speech

Theodore Roosevelt sat in a box at Carnegie Hall when Mr. Hughes delivered his speech of acceptance and vigorously applauded every telling point.

The Colonel repeatedly arose and bowed in response to the cheers for him and the shouts of "Teddy!" "Teddy!" "Hurrah for Teddy!" and when the meeting adjourned he made the following statement:

"It is an admirable speech and I wish to call attention to the following points:

"I am particularly pleased with the exposure of the folly, and worse than folly, of Mr. Wilson's Mexican policy and of the way in which this policy has brought humiliation to the United States and disaster to Mexico itself.

"Moreover, I am very glad of the straightforward manner in which Mr. Hughes has shown the ridicule with which Mr. Wilson has covered this nation by the manner in which he allowed foreign powers to gain the impression that although he used the strongest words in diplomacy they were not to be taken seriously.

Not Words Which Count.

"As Mr. Hughes said, it is not words but the strength and resolution behind the words which count. As Mr. Hughes pointed out, there is no doubt that if Mr. Wilson's conduct and action had been such as to make the foreign nations believe that he meant precisely what he said in his 'strict accountability' there would have been no destruction of American lives by the sinking of the Lusitania.

"When Mr. Hughes uses strong words his record shows that they are always backed by strong deeds, and therefore in the enormous majority of cases the use of strong words renders it unnecessary ever to have recourse to strong deeds.

"Again, Mr. Hughes speaks in characteristically straightforward fashion of the outrages committed on munitions plants, and all men, whether citizens of foreign nations or nominal citizens of our own land, who had in any shape or way abetted or condoned those actions can understand that Mr. Hughes, if President, will protect these domestic American interests and punish offenders against them with the fearlessness and thoroughness that he showed in dealing with the powers of evil at Albany.

Brought Nation to Ignominy.

"Just before coming in to listen to Mr. Hughes' just characterization of Mr. Wilson's failure to protect the lives and property of Americans in Mexico and on the high seas, I happened to pick up John Fiske's 'Critical Period of American History,' and was struck by the following two sentences: 'A government touches the lowest point of ignominy when it confesses its inability to protect the lives and the property of its citizens. A government which has come to this has failed in discharging the primary function of government and forthwith ceases to have any reason for existing.'"

"Mr. Hughes has pointed out in his speech with self-restraint, but with emphasis, that it is precisely this primary function which Mr. Wilson's Administration has failed to discharge and that it is precisely this point of ignominy to which he has reduced the nation over which he is President."

"The Nation has no policy of aggression toward Mexico. We have no desire for any part of her territory. We wish her to have peace, stability, and prosperity. We shall have to adopt a new policy, a policy of firmness and consistency through which alone we can promote an enduring friendship. We demand from Mexico the protection of the lives and the property of our citizens and the security of our border from depredations. Much will be gained if Mexico is convinced that we contemplate no meddlesome interference with what does not concern us, but that we propose to insist in a firm and candid manner upon the performance of international obligations. To a stable government, appropriately discharging its international duties, we should give ungrudging support. A short period of firm, consistent and friendly dealing will accomplish more than many years of vacillation.—From Mr. Hughes' speech of acceptance.

A POLICY OF FIRMNESS AND CONSISTENCY NEEDED.

The Nation has no policy of aggression toward Mexico. We have no desire for any part of her territory. We wish her to have peace, stability, and prosperity. We shall have to adopt a new policy, a policy of firmness and consistency through which alone we can promote an enduring friendship. We demand from Mexico the protection of the lives and the property of our citizens and the security of our border from depredations. Much will be gained if Mexico is convinced that we contemplate no meddlesome interference with what does not concern us, but that we propose to insist in a firm and candid manner upon the performance of international obligations. To a stable government, appropriately discharging its international duties, we should give ungrudging support. A short period of firm, consistent and friendly dealing will accomplish more than many years of vacillation.—From Mr. Hughes' speech of acceptance.

AN ADMINISTRATION TOO CONTENT WITH LEISURELY DISCUSSION.

I do not put life and property on the same footing, but the Administration has not only been remiss with respect to the protection of American lives; it has been remiss with respect to the protection of American property and American commerce. It has been too much disposed to be content with leisurely discussion.—From Mr. Hughes' speech of acceptance.

Poverty is not a crime—but that isn't the reason so many people are poor. Some people can't stand prosperity, but the majority don't get a chance to try.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of leading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments. People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowels force out
